

Environmental Policy

Arkil Ltd regards environmental protection as an internal and essential part of good business practice. We are committed to achieving and maintaining a high standard of environmental quality in all our operations.

To achieve our goal Arkil Ltd will:

- At a minimum, meet, and where appropriate, exceed the requirements of all relevant legislation.
- Reduce waste in all operations where possible and ensure use of the best available technological Systems to achieve this.
- Promote the use of recycled materials.
- Promote the concepts of continuous improvement and pollution prevention through the regular servicing and maintenance of company plant, machinery and equipment.
- Provide the necessary training and support to staff so that they can carry out their environmental responsibilities effectively and professionally.
- Economic use of energy systems within the quarries and promote the use of energy saving initiatives where possible.
- Promote the adoption of environmentally sound practices by clients and contractors.
- Communicate our policy to all personnel.
- Make our environmental policy available to personnel and clients.
- Review our objectives and targets and the policy at periodic meetings or when necessary to ensure they continue to reflect the activities of the company.
